- Parents and graduates will enter the school grounds in the south-west parking lot by the football field. Each graduating senior will be allowed two vehicles in the procession line. No trailers, buses, limousines, semi's, or large vehicles of any kind will be allowed. They will remain in their vehicle as they wind back and forth in that parking lot. They will then enter the south parking lot and wind back and forth until they enter the bus lane.
- SFHS band will be set up by the C-building playing several different music pieces.
- As the vehicle enters the bus lane the graduate will have the option to stay in their vehicle or get out and walk along the sidewalk. Teachers will be lined along the sidewalk six feet away from each other and the graduate to congratulate the graduate.
- When the graduate reaches the front of the building there will be a stage that they can cross as their name is read. Pomp and Circumstance will also be playing. Once they exit the stage they can stand in front of the rock where a photographer will take their picture. These pictures will be available for anyone to download at a later date. We ask that all family members remain in the vehicle to keep the procession on schedule.
- The graduate then re-enters their car and are easily able to exit the school grounds.
- SFCN will be live streaming the procession through a YouTube channel.
