Minutes:

Meeting began at 11:07 AM and Jami Branch conducted. Gaye Christianson was not in attendance.

Seth Spainhower reviewed the minutes from December's meeting. Heidi Conway made a motion to approve the minutes and Rochelle Barber seconded the motion. All were in favor. Bart Thompson was introduced and welcomed to our school as our new Assistant Principal.

Seth then reviewed SFHS's current TSSA Plan and Trustlands Plan for the 2020 school year as seen on the agenda above. We discussed how this year's plan will be due in March. We will use this meeting and February's meeting to get that plan ready. Our administration suggested keeping our plan fairly similar to this year's due to all of the COVID-19 changes and implementations. We want to make sure we give this plan an honest effort and focus.

Matt Christensen then explained to the council what the new COVID-19 option of "Testing to Stay" would look like. If our school has too many positive cases, we will no longer have the alternate day schedule option. Instead, we will implement the test to stay option or go completely remote for 2 weeks. Test to stay requires that at least 70% of our student population takes a covid test. Those who test positive or don't test will stay home, and those who test negative can stay in school. We discussed the logistics of this option and what it would take to pull off testing over 1,000 students. This option also requires students having a signed parent/guardian permission form. We discussed ways for this to go as smoothly as possible. The council asked if we could send this consent form out early in efforts to avoid having to rush and get these in if our school goes over the threshold. They also wanted to know if parents could help with the testing process and procedures.

Seth then introduced a brainstorming assignment for next month's meeting. We are trying to help our student council and other student body members come up with safe, fun, and COVID-19 friendly activities. We are trying to help our students have as many positive experiences as possible but also want to do everything we can to follow the guidelines and regulations associated with the pandemic. We asked the council to think of fun activities for our students to participate in. Activities where we can social distance and keep our masks on.

Sharla Barber then gave a quick counseling update. They have been very busy helping our students finalize their schedules and making class changes. Most of our seniors who are wanting to attend college in the fall have been registered and are now applying for scholarships. Our parent council members brought up questions about graduation and are wondering what it will look like this year. We will continue that discussion in next month's meeting.

The meeting ended at 11:37 AM and Heidi Conway made a motion to end the meeting then Rochelle Barber seconded the motion. All were in favor.
