

# Spanish Fork High School

## Basic Digital Photography (Photo 1)

### “I Can”

#### Month 1

- adjust the settings and modes of a digital camera
- create new files in Photoshop
- demonstrate a basic understanding of the history of photography.
- use basic Photoshop tools that include the Move Tool, Type Tool, and Brushes.

#### Month 2

- use basic composition rules in my photos.
- use basic Photoshop tools that include the Free Transform and Selection Tools.

#### Month 3

- use basic Photoshop tools that include the Filters.
- I can download brush and shape files, and load them in to Photoshop.

#### Month 4

- use basic Photoshop tools that include the Healing Tools, Adjustment Layers, and Dodging and Burning.
- take photos that use the elements of art.
- show photographs in a portfolio I create.
