Update your Student's Information on line!

Prior to paying registration for this school year, we **STRONGLY ENCOURAGE** you to update your student's demographics and contact information in SIS. This information is used throughout the year to contact you, mail home report cards, phone an emergency contact if you are not available, and check your student out of school by a person you designate. It is really vital to have all of your student's information current and up to date.

Detailed instructions are available through the SIS link on the Nebo Parent Web Page. Go to: www.nebo.edu and click on the Parents tab, select SIS Grades/Attendance, then follow these 3 steps:

1. Create an SIS account and log in.
2. Select the Update Student Contact Information link update as needed.
3. Select the Verify link to let us know that the information is correct.
