

**SFHS**  
**Special Education Department**  
**Basic Math Skills**

1. I can solve problems using the order of operations
2. I can set up single- and multi-step equations
3. I can solve single- and multi-step equations
4. I can graph points on a coordinate plane
5. I can convert fractions, decimals, and percents
6. I can use math concepts to solve real world problems
