## Minutes:

The meeting began at 11:35 AM. All members of the council were present except Preston, Jami, and Wendy.

Seth reviewed the previous minutes. Josh made the motion to approve the minutes, Emily seconded the motion. All were in favor.

Emily shared a thought from Martin Luther King Jr. It was: “We must remember that intelligence is not enough. Intelligence plus character-that is the goal of true education. The complete education gives one not only power of concentration, but worthy objectives upon which to concentrate.” She mentioned how this is what she feels like we are focusing on here at SFHS, especially with our advisory period.

Matt then went over the COVID information on the agenda above. Our numbers across the state and district are rising, but we have plans in place to help keep students safe and school functioning as normal as possible. If we are required to “test-to-stay,” extracurriculars would still go forward as normal. We might get to the point of limiting fans, but as of now, it is not required.

Seth then discussed our current Trustlands plan and how it has been working this year. It has been a great plan that has benefited the students at SFHS greatly. As a council, we discussed ideas for next year and what our plan could look like moving forward. We are still waiting on final FTE (how we pay teachers) numbers. This plan really helps us keep our class sizes down and provide technological support to our students.

Bart Thompson visited our council today to discuss our rebranding efforts that have taken place. Part of our new school and rebuild has allowed us to look at our logos and mascots, etc. An outside company, BSN, has helped us create our own new Don logo and SF lettering. These are both unique, and legally our own. We created a whole new Don but kept the SF lettering very similar to our old one. However, these small adjustments made it our own and not something we “borrowed” from a different organization.

Last, Dawn gave us our counseling update. She announced our higher education day coming up at the beginning of February. Local colleges and universities will be coming to SFHS. February 11 is also going to be our College and Career Readiness day. Our counselors are working extremely hard to help all of our students know and understand all of the possibilities they have ahead of them. Term 3 also began today so we are more than half-way through the year! Counselors are also working on registration and helping students fill out their academic plans on Infinite Campus. This is such a great resource for students and parents to know/understand. We are excited to see how this improves our registration processes as we move forward.

The meeting ended at 12:10 PM. Matt made a motion to close the meeting and Dawn seconded the motion. All were in favor. Josh Jensen volunteered to provide the thought for February’s meeting.
